ACT NOW! TALK TO BEVAN OR GEOFF ABOUT THIS TODAY!

- CALCULATE YOUR CARBON FOOTPRINT -

New Holland has released an online Carbon Footprint calculator to help you establish and improve your carbon footprint.

Follow the link on our website (www.swanfm.com.au) under the TOOLS tab as shown opposite to complete the calculation. It will then not only show you the carbon reduction you could achieve with a Tier 4 machine in tonnes, but also the amount of money you could save through reduced fuel consumption.
