Come in and purchase any item from the Ambra range and receive your free height chart.

Watch your little farmers grow in front of your eyes

DON'T FORGET, IF YOU BUY YOUR AMBRA PRODUCTS THIS MONTH, YOU WILL GO INTO THE DRAW TO WIN AN AMBRA DARTBOARD!

- OWEN'S TIP OF THE WEEK -

Did you know that in the event of a machinery fire, if the cause is found to be an electrical fault, most Insurance companies will deem this lack of Maintenance and the event may be uncovered? To avoid this, make sure you regularly maintain your machinery. Each machine that comes through our workshop is given the once over to check for any faults.

- GREAT RESPONSE FROM INTRODUCTION OF TEIR 4 MODELS -

Early reports from customers of the Teir 4 Model tractors in relation to the introduction of the Adblue have been very promising. With many indicating that they are seeing increased performance and reduced fuel consumption.

A Victorian Dealer has shared this story with us from one of his customers. He is a long term JD owner but decided to give a New Holland T7 tractor of comparable hp a go. He put both his tractors to the test by operating a 4m rotary hoe in heavy soil conditions.

The Green tractor ended up using 34 litres/hour of fuel.

The Blue tractor ended up using 19 litres/hour of fuel. (Imagine the yearly cost saving in fuel !)

For more information on the Teir4A and AdBlue system go to http://www.thecleanenergyleader.com/en/tier_IV.html

- DEAL OF THE WEEK -

2008 NEW HOLLAND T8040 – RELIABLE TRACTOR FOR ALL THOSE BIG JOBS!
