**REMINDER**  
New Holland Parts  
Shutdown  
27/7/2012 –  
13/8/2012

## NOW IS THE TIME TO INSPECT YOUR TILLAGE MACHINERY

Now that many of you are finished or close to finished seeding, it is the perfect time to inspect your machinery and order parts to ensure your machine is ready for next year.

As they say *“Repair in the off season to avoid costly down-time when you need your machine the most!”*

Alternatively, we have numerous forward order programs available for new tillage equipment. Combine these with the 15% Conservation Tax Rebate and this year may be the year to upgrade your tillage equipment!

## - HAY AND HARVEST EQUIPMENT -

Now that we are already halfway through the year, Hay and Harvest season is rapidly approaching.

By inspecting your machine now you can take advantage of our weekly freight free ordering on New Holland parts.

You can also book an inspection and pre-season service with Owen and he will take care of it for you.

## - USED MACHINERY -

We now have a range of used Hay and Harvest Machinery available.

Head over to [www.swanfm.com.au/pages/used.php](http://www.swanfm.com.au/pages/used.php) or call Bevan or Geoff on 08 8575 1588 for more information.
