## - LAST CHANCE - NEW HOLLAND PARTS ORDERING

As you are aware New Holland is running an upgrade to its parts systems from 27/7/2012 to 13/8/2012. This means that the parts warehouse will be closed and we will be unable place parts orders.

We keep a large range of New Holland parts in stock to suit the many machines in the district, however to avoid disappointment during this period, please contact Andrew ASAP if there are any parts you will need.

## GREAT DEALS ON TILLAGE EQUIPMENT

Take advantage of the massive savings available by ordering your new Tillage Equipment on an Early order programme.

Come in and talk to Bevan or Geoff about what deals we can do for you on the following brands:

**MORRIS**

**SIMPLICITY AUSTRALIA**

**JOHN SHEARER**

**HORWOOD BAGSHAW**

On top of the savings from the manufacturer, you may also be eligible for the 15% Conservation Tillage Refundable Tax Offset.

Please refer to your account for further details on the offset.

## MACHINE OF THE YEAR WINNER - NEW HOLLAND CR9090 HEADER

We are lucky enough to have 2 of the 2012 Machine of the Year winning Headers, the New Holland CR9090, in stock at the moment.

It doesn't get any bigger than this. The CR9090 is the largest capacity New Holland Header EVER made!

Rated at 530hp it has the power on tap to tackle the most demanding conditions and crops.

Fuel consumption has been significantly reduced with the addition of the Tier 4 Emissionised Engine with Adblue technology.

As Global President of New Holland Agriculture, Franco Fusignani says, *'The latest generation of CR combines represent the ultimate in harvesting technology and has set a new benchmark in terms of harvesting productivity and efficiency for our customers.'*

Feel free to pop in and see Bevan or Geoff and have a look over one of these amazing machines.

## INTERESTED IN A PRE-SEASON SERVICE ON YOUR NEW HOLLAND HEADER WHERE YOU DON'T NEED TO PAY UNTIL MARCH 2013 WITH 0% INTEREST?

How can you go past this great offer from CNH Capital?

Simply call Owen to book in your service and if your repairs come to the value of \$15,000 Inc GST you could be eligible for this offer.

\$15,000.00 may sound like a lot to you now, but think about how much it would cost you if your machine broke down on a Friday afternoon and couldn't get parts until Monday morning? What if we receive a downpour of rain over that weekend?

Prepare now and avoid costly downtime during harvest!

Offer closes 28<sup>th</sup> September 2012
